

DATE	QUESTION	ANSWER
11.02.2019	<p>1. We are highly interested in participating in the tender for Induction Bends for the Capacity 4 Gas Project. Having read the tender documents, it is described that details regarding the tender submission are written in the Public Procurement Act. Unfortunately we could'nt find it in the tender documents. Can you help out where to find it?</p> <p>2. Further, we are Aware that a bid bond is required. Is there a Special Format/ draft to be used. If so, please provide as well.</p>	<p>1. An english version of Act No. 134/2016 Coll., the Czech Public Procurement Act (the "PPA") is available at this link <a href="http://www.portal-vz.cz/getmedia/ac061a0a-d8c1-4ff1-b8d2-691aa89269b1/Zakon-c-134_2016-Sb-o-zadavani-verejnych-zakazek.pdf">http://www.portal-vz.cz/getmedia/ac061a0a-d8c1-4ff1-b8d2-691aa89269b1/Zakon-c-134_2016-Sb-o-zadavani-verejnych-zakazek.pdf</a></p> <p>2. In case of a bid bond, please read the instructions in section 9 of the tender documentation - "Security". To clarify the tender process, make sure that the security (bid bond) shall be included in the final tender offer, not in the application (qualification phase of the tender).</p>
